Why A CPO Certification?

This course will pay for itself and save hundreds and even thousands of dollars in chemical costs, repairs, and replacements. It is also cheap insurance against lawsuits.

The NSPF Certified Pool/Spa Operator Certification is recognized by local and state authorities as the most widely-accepted, verifiable pool and spa training credential. Each year, more than 30,000 professionals learn how to operate efficient and safer aquatic facilities with this program. The CPO Certification is valid for five years.

The CPO seal of approval is assurance to pool and spa owners, from motels to Olympic-sized municipal and college pools, their facilities and their swimmers are under the supervision of trained professionals. CPO's are trained in the most advanced techniques in safety, water chemistry, maintenance and management.

As designed by the Foundation's consulting specialists, this Certification Program provides standardized instructional literature and visual aids of immediate value to:

- Hotel/motel owners or managers
- Apartment/condo building managers
- Spa personnel
- Municipalities
- Health or Swim Clubs
- Park and Recreation Directors
- ...and many others.

Why Take This Course Now?

- It will assist you in evaluating your overall pool/spa operation.
- You can discuss problem areas with regulators and fellow pool/spa operators.
- It will help you plan for the upcoming pool season.
- New or returning personnel can become certified pool operators.

How to Earn Your CPO Certification

CPO Certification training is offered in two formats for busy professionals: a two-day course in a classroom setting; or the blended approach:

Pool Operator Primer is an online class followed by **Pool Operator Fusion** - one-day in-classroom learning. Certification requires successful completion of class work and exam.

Course Dates and Schedule

Two Day Class

April 4 & 5, 2018, 8:00 A.M. – 5:00 P.M.

Class Location

Jefferson County Department of Health
1400 Sixth Avenue South
Birmingham, Alabama 35233
Training Room L – 208 Basement Floor

Necessary Items to bring to class:

Government issued photo ID
Calculator
Pen/Pencil
Highlighter

CPO Certificates

After successful completion of the course, graduates will receive a certificate suitable for framing. This includes their personal CPO registration number, which is permanently recorded by the Foundation. It states that the diploma was earned through the National Swimming Pool Foundation.

The Certified Pool/Spa Operator Course is a nationally accepted certification program for pool/spa operators and has become required training by many state health departments.

The certification is valid for a period of five years.

NSPF / CPO Examination

A score of 75% or better is necessary for successful completion of the course with certification.

The examination is an open-book exam.

The Textbook

The text for the course is the all-new Certified Pool/Spa Operator Handbook, invaluable resource and reference for the novice and the professional who must trouble shoot a broad spectrum of functional problems. In short, *every pool operator should have one!*

In addition, the handbook has been completely redesigned and updated. Subject matter covered includes chemistry, filtration, recirculation, all types of pool equipment, preventive maintenance, seasonal care, storage and handling, safety, energy use and conservation and much more. All topics are written by experts with long experience in the specialties and the course has been thoroughly "field tested."
